

EXAM INSTRUCTIONS

1. You can choose to obtain the 9 ECTS or the 6 ECTS. There is NO exam for 3 ECTS only.
2. The exam for the 6 ECTS consists of the discussion of a policy paper produced by using the data available on website/moodle. The exam for 9 ECTS consists of the discussion of the policy paper produced by using the data available on website/moodle plus an oral test.
3. On <https://esami.unipi.it>:
 - o The exam corresponding to the 9 ECTS is "EUROPEAN INDICATORS OF POVERTY AND VULNERABILITIES FOR SUSTAINABLE DEVELOPMENT GOAL AND SEMINARS" (561PP)
 - o The exam for the 6 ECTS is "EUROPEAN STATISTICAL SYSTEM AND DATA PRODUCTION MODEL" (434PP)
4. You can choose to take both parts in the same exam-day (day of the exam on <https://esami.unipi.it>) or on two different dates.
5. For students who want to obtain the 6 ECTS is sufficient to enrol at the exam "EUROPEAN STATISTICAL SYSTEM AND DATA PRODUCTION MODEL" (434PP)
6. For students who want to obtain the 9 ECTS:
 - o If you want to take both parts in the same exam day, you must enrol at the exam "EUROPEAN INDICATORS OF POVERTY AND VULNERABILITIES FOR SUSTAINABLE DEVELOPMENT GOAL AND SEMINARS" (562PP) and you must send us an e-mail one day before the exam attaching the policy paper and the R code and specifying that you want to give both parts
 - o If you want to take the two parts in two different dates, please enrol at exam "EUROPEAN INDICATORS OF POVERTY AND VULNERABILITIES FOR SUSTAINABLE DEVELOPMENT GOAL AND SEMINARS" (561PP) selecting the date when you plan to complete the exam (for instance, if you want to present the policy paper on 16/12 and give the oral test on 20/01, you have to enrol just at the exam on 20/01). One day before the exam-day when you plan to present the policy paper, you must send us an e-mail with the policy paper and the R code.
If you want to obtain the 9 ECTS (also in two different dates) DO NOT enrol at the exam for the 6 ECTS ("EUROPEAN STATISTICAL SYSTEM AND DATA PRODUCTION MODEL" (434PP)).
