

February 2019

We are glad to inform that a new Jean Monnet course is active during the second of the academic year 2018/19. It is opened to all students, teachers and anyone else interested.

The Jean Monnet courses are co-funded by the European Union in the framework of Erasmus+ program and they promote active European citizenship and deal with the role of the EU in a globalized world, enhancing awareness of the Union and facilitating future engagement and people-to-people dialogue worldwide.

The following course belongs to the Jean Monnet Chair "**Small Area methods for Multidimensional Poverty and living conditions Indicators in EU – SAMPIEU**", co-founded to Prof. Monica Pratesi in 2018: "**Small Area Methods for the analysis of multidimensional poverty data and Seminars**" (9 ECTS). On this course has been borrowed: the course "**Analysis of Survey Data and Small Area Estimation**" (6 ECTS), which is part of the "OS" curriculum of the Master of Science in Economics <http://mse.ec.unipi.it/> (EMOS labelled).

The course offers a review of the main Small Area Estimation Methods and teach how to apply them to have a local monitoring of the Sustainable Development Goals.

More information and the schedule of the lessons are available on the JM Chair website: <http://sampieuchair.ec.unipi.it/>.

On the website is also available the material of the course "*European Indicators of poverty and vulnerabilities for Sustainable Development Goal and Seminars*" hold during the first semester.
